## ADDITIONAL INFORMATION ABOUT THE NOTES

### ***Book-Entry System***

We will issue the notes as global notes registered in the name of DTC, or its nominee. The sale of the notes will settle in immediately available funds through DTC. You will not be permitted to withdraw the notes from DTC except in the limited situations described in the accompanying prospectus under “Legal Ownership and Book-Entry Issuance — What Is a Global Security? — Holder’s Option to Obtain a Non-Global Security; Special Situations When a Global Security Will Be Terminated”.

Investors may hold interests in a global note through organizations that participate, directly or indirectly, in the DTC system. Those organizations include Euroclear and Clearstream, Luxembourg. See “Legal Ownership and Book-Entry Issuance” in the accompanying prospectus for additional information about indirect ownership of interests in the notes.

### ***Payment of Additional Amounts***

We intend to make all payments on the notes without deducting U.S. withholding taxes. If we are required by law to do so on payments to non-U.S. investors, however, we will pay additional amounts on those payments to the extent described in this subsection.

[Table of Contents](#)

We will pay additional amounts on a note only if the beneficial owner of the note is a United States alien. The term “United States alien” means any person who, for U.S. federal income tax purposes is:

- a nonresident alien individual;
- a foreign corporation;
- a foreign partnership one or more of the members of which is, for U.S. federal income tax purposes, a foreign corporation, a nonresident alien individual or a nonresident alien fiduciary of a foreign estate or trust; or
- a nonresident alien fiduciary of an estate or trust that is not subject to U.S. federal income tax on a net income basis on income or gain from a note.

If the beneficial owner of a note is a United States alien, we will pay all additional amounts that may be necessary so that every net payment of interest or principal on that note will not be less than the amount provided for in that note. By net payment, we mean the amount we or our paying agent pays after deducting or withholding an amount for or on account of any present or future tax, assessment or other governmental charge imposed with respect to that payment by a U.S. taxing authority.

Our obligation to pay additional amounts is subject to several important exceptions, however. We will **not** pay additional amounts for or on account of any of the following:

- any tax, assessment or other governmental charge imposed solely because at any time there is or was a connection between the beneficial owner — or between a fiduciary, settlor, beneficiary or member of the beneficial owner, if the beneficial owner is an estate, trust or partnership — and the United States (other than the mere receipt of a payment or the ownership or holding of a note), including because the beneficial owner — or the fiduciary, settlor, beneficiary or member — at any time, for U.S. federal income tax purposes:
  - is or was a citizen or resident or is or was treated as a resident of the United States;
  - is or was present in the United States;
  - is or was engaged in a trade or business in the United States;
  - has or had a permanent establishment in the United States;
  - is or was a domestic or foreign personal holding company, a passive foreign investment company or a controlled foreign corporation;
  - is or was a corporation that accumulates earnings to avoid U.S. federal income tax; or
  - is or was a “ten percent shareholder” of The Goldman Sachs Group, Inc.;
- any tax, assessment or other governmental charge imposed solely because of a change in applicable law or regulation, or in any official interpretation or application of applicable law or regulation, that becomes effective more than 15 days after the day on which the payment becomes due or is duly provided for, whichever occurs later;
- any estate, inheritance, gift, sales, excise, transfer, wealth or personal property tax, or any similar tax, assessment or other governmental charge;
- any tax, assessment or other governmental charge imposed solely because the beneficial holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with the United States of the holder or any beneficial owner of the note, if compliance is required by statute or by regulation of the U.S. Treasury department or by an applicable income tax treaty to which the

[Table of Contents](#)

United States is a party, as a precondition to exemption from such tax, assessment or other governmental charge;

- any tax, assessment or other governmental charge that can be paid other than by deduction or withholding from a payment on the notes;
- any tax, assessment or other governmental charge imposed solely because the payment is to be made by a particular paying agent (including The Goldman Sachs Group, Inc.) and would not be imposed if made by another paying agent;
- where such withholding or deduction is imposed on a payment to an individual or a “residual entity” within the meaning of the European Council Directive 2003/48/EC (the “EU Savings Directive”) is required to be made pursuant to any European Union Directive on the taxation of savings implementing the agreement reached by the ECOFIN Council meeting on January 21, 2003, or any law implementing or complying with, or introduced in order to conform to, such Directive;
- by or on behalf of a holder who would be able to avoid withholding or deduction by presenting the note to another paying agent in a Member State of the European Union; or
- any combination of the taxes, assessments or other governmental charges described above.

In addition, we will not pay additional amounts with respect to any payment of principal, or interest to any United States alien who is a fiduciary or a partnership, or who is not the sole beneficial owner of the payment, to the extent that we would not have to pay additional amounts to any beneficiary or settlor of the fiduciary or any member of the partnership, or to any beneficial owner of the payment, if that person or entity were treated as the beneficial owner of the note for these purposes.

When we refer to a “U.S. taxing authority” in this subsection and “— Payment of Additional Amounts” above, we mean the United States of America or any state, other jurisdiction or taxing authority in the United States. When we refer to the “United States”, we mean the United States of America, including the states and the District of Columbia, together with the territories, possessions and all those areas subject to the jurisdiction of the United States of America.

When we refer to any payment of interest or principal on a note, this includes any additional amount that may be payable as described above in respect of that payment.

[Table of Contents](#)**When We Can Redeem the Notes**

We will not be permitted to redeem the notes before their stated maturity, except as described below. The notes will not be entitled to the benefit of any sinking fund — that is, we will not deposit money on a regular basis into any separate custodial account to repay your note. In addition, you will not be entitled to require us to buy your note from you before its stated maturity.

**Optional Redemption**

We will have the option to redeem the notes, in whole or in part, at our option at any time, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed or (2) as determined by the quotation agent described below, the *sum* of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed, not including any portion of these payments of interest accrued as of the date on which the notes are to be redeemed, discounted to the date on which the notes are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the adjusted treasury rate described below *plus* 20 basis points, *plus*, in each case, accrued interest on the notes to be redeemed to the date on which the notes are to be redeemed.

We will utilize the following procedures to calculate the adjusted treasury rate described in the previous paragraph. We will appoint Goldman, Sachs & Co. or its successor and two or more other primary U.S. Government securities dealers in New York City as reference dealers, and we will appoint Goldman, Sachs & Co. or its successor to act as our quotation agent. If Goldman, Sachs & Co. or its successor is no longer a primary U.S. Government securities dealer, we will substitute another primary U.S. Government securities dealer in its place as a reference dealer.

The quotation agent will select a United States Treasury security that has a maturity comparable to the remaining maturity of our notes that would be used in accordance with customary financial practice to price new issues of corporate debt securities with a maturity comparable to the remaining maturity of our notes. The reference dealers will provide us and the trustee with the bid and asked prices for that comparable United States Treasury security as of 5:00 p.m., New York time, on the third business day before the redemption date. We will calculate the average of the bid and asked prices provided by each reference dealer, eliminate the highest and the lowest reference dealer quotations and then calculate the average of the remaining reference dealer quotations. However, if we obtain fewer than three reference dealer quotations, we will calculate the average of all the reference dealer quotations and not eliminate any quotations. We call this average quotation the comparable treasury price. The adjusted treasury rate will be the semi-annual equivalent yield to maturity of a security whose price, expressed as a percentage of its principal amount, is equal to the comparable treasury price.

**Tax Redemption**

We will be entitled, at our option, to redeem the outstanding notes in whole and not in part if at any time we become obligated to pay additional amounts on any notes on the next interest payment date, but only if our obligation results from a change in the laws or regulations of any U.S. taxing authority, or from a change in any official interpretation or application of those laws or regulations, that becomes effective or is announced on or after February 6, 2003. If we redeem the notes, we will do so at a redemption price equal to 100% of the principal amount of the notes redeemed, *plus* accrued interest to the redemption date.

**Redemption Procedures**

If we become entitled to redeem the notes in any of the above situations, we may do so at any time on a redemption date of our choice. However, we must give the holders of the notes being redeemed notice of the redemption not less than 30 days or more than 60 days before the

[Table of Contents](#)

redemption date and not more than 90 days before the next date on which we would be obligated to pay additional amounts. In addition, our obligation to pay additional amounts must remain in effect when we give the notice of redemption. We will give the notice in the manner described under “Description of Debt Securities We May Offer — Notices” in the accompanying prospectus.

We or our affiliates may purchase notes from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. For example, we currently expect Goldman, Sachs & Co. and Goldman Sachs International to make a market in the notes by purchasing and reselling notes from time to time. Notes that we or our affiliates purchase may, at our or their discretion, be held, resold or cancelled.

[Table of Contents](#)**EMPLOYEE RETIREMENT INCOME SECURITY ACT**

*This section is only relevant to you if you are an insurance company or the fiduciary of a pension plan or an employee benefit plan (including a government plan, an IRA or a Keogh plan) proposing to invest in the notes.*

The U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the U.S. Internal Revenue Code of 1986, as amended (the "Code"), prohibit certain transactions ("prohibited transactions") involving the assets of an employee benefit plan that is subject to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code (including individual retirement accounts and other plans described in Section 4975(e)(1) of the Code) (a "Plan") and certain persons who are "parties in interest" (within the meaning of ERISA) or "disqualified persons" (within the meaning of the Code) with respect to the Plan; governmental plans may be subject to similar prohibitions unless an exemption is available to the transaction. The Goldman Sachs Group, Inc. and certain of its affiliates each may be considered a "party in interest" or a "disqualified person" with respect to many employee benefit plans, and, accordingly, prohibited transactions may arise if the notes are acquired by a Plan unless those notes are acquired and held pursuant to an available exemption. In general, available exemptions are: transactions effected on behalf of that Plan by a "qualified professional asset manager" (prohibited transaction exemption 84-14) or an "in-house asset manager" (prohibited transaction exemption 96-23), transactions involving insurance company general accounts (prohibited transaction exemption 95-60), transactions involving insurance company pooled separate accounts (prohibited transaction exemption 90-1), transactions involving bank collective investment funds (prohibited transaction exemption 91-38) and transactions with service providers under an exemption in Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code where the Plan receives no less nor pays no more than "adequate consideration" (within the meaning of Section 408(b)(17) of ERISA and Section 4975(f)(10) of the Code). The assets of a Plan may include assets held in the general account of an insurance company that are deemed to be "plan assets" under ERISA. The person making the decision on behalf of a Plan or a governmental plan shall be deemed, on behalf of itself and the Plan, by purchasing and holding the notes, or exercising any rights related thereto, to represent that (a) the Plan will receive no less and pay no more than "adequate consideration" (within the meaning of Section 408(b)(17) of ERISA and Section 4975(f)(10) of the Code) in connection with the purchase and holding of the notes, (b) none of the purchase, holding or disposition of the notes or the exercise of any rights related to the notes will result in a non-exempt prohibited transaction under ERISA or the Internal Revenue Code (or, with respect to a governmental plan, under any similar applicable law or regulation) and (c) neither The Goldman Sachs Group, Inc. nor any of its affiliates is a "fiduciary" (within the meaning of Section 3(21) of ERISA) with respect to the purchaser or holder in connection with such person's acquisition, disposition or holding of the notes, or as a result of any exercise by The Goldman Sachs Group, Inc. or any of its affiliates of any rights in connection with the notes, and no advice provided by The Goldman Sachs Group, Inc. or any of its affiliates has formed a primary basis for any investment decision by or on behalf of such purchaser or holder in connection with the notes and the transactions contemplated with respect to the notes.

*If you are an insurance company or the fiduciary of a pension plan or an employee benefit plan, and propose to invest in the notes, you should consult your legal counsel.*

Daiwa Securities SMBC Europe Limited	3,500,000
Jackson Securities, LLC	3,500,000
<b>Total</b>	<b>\$ 350,000,000</b>

The \$2,000,000,000 principal amount of original notes described in this prospectus supplement were purchased by Goldman, Sachs & Co. and certain other underwriters in connection with the initial offering and sale of those notes and their issuance on February 13, 2003 at an initial public offering price of 100.000% per note, or \$2,000,000,000 in total (excluding accrued interest), at an underwriting discount of 0.875% per note, or \$17,500,000 in total, and with proceeds, before expenses, to The Goldman Sachs Group, Inc. of 99.125% per note, or \$1,982,500,000 in total.

The reopened notes sold by the underwriters to the public will initially be offered at the applicable initial public offering price set forth on the cover of this prospectus supplement. Any reopened notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.500% of the principal amount of the reopened notes. Any such securities dealers may resell any reopened notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.250% of the principal amount of the reopened notes. If all the reopened notes are not sold at the initial public offering price, the underwriters may change the initial public offering price and the other selling terms.

The underwriters intend to offer the reopened notes for sale primarily in the United States either directly or through affiliates or other dealers acting as selling agents. The underwriters may also offer the reopened notes for sale outside the United States either directly or through affiliates or other dealers acting as selling agents.

The Goldman Sachs Group, Inc. has been advised by Goldman Sachs International and Goldman, Sachs & Co. that they intend to make a market in the notes. Other affiliates of The Goldman Sachs Group, Inc. may also do so. No assurance can be given as to the liquidity or the trading market for the notes.

Please note that the information about the issue date, issue price and net proceeds to The Goldman Sachs Group, Inc. on the front cover page relates only to the initial sale of the reopened notes. If you have purchased a note in a market-making transaction after the initial sale, information about the price and date of sale to you will be provided in a separate confirmation of sale. in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on any date prior to the third business day before delivery will be required, by virtue of the fact that the notes initially will settle on the 5th business day following the day of pricing ("T+5"), to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

None of the named underwriters is permitted to sell notes in this offering to an account over which it exercises discretionary authority without the prior written approval of the customer to which the account relates.

Each underwriter has represented and agreed that it will not offer or sell the notes in the United States unless such offers or sales are made by or through Financial Industry Regulatory Authority ("Finra," formerly known as NASD) member broker-dealers registered with the U.S. Securities and Exchange Commission.

Each underwriter has represented and agreed that:

- it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to The Goldman Sachs Group, Inc.; and
- it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

In relation to each Member State of the European Economic Area (Iceland, Norway and Liechtenstein in addition to the member states of the European Union) which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

- in any other circumstances which do not require the publication by The Goldman Sachs Group, Inc. of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this section, the expression an "offer of notes to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.
