Optional Redemption:	The Notes of any tranche may be redeemed, in whole or in part, at the option of the Company, at any time or from time to time prior to their final maturity date, at a redemption price equal to the greater of the following amounts:

- (1) 100% of the principal amount of the Notes of such tranche to be redeemed; or

- (2) as determined by the Independent Investment Banker (as defined below), the sum of the present values of the remaining scheduled payments of principal of and interest on the Notes of such tranche to be redeemed (not including any portion of any payments of interest accrued to the applicable redemption date) discounted to such redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 5 basis points in the case of the 2019 Notes, 10 basis points

in the case of the 2026 Notes or 15 basis points in the case of the 2046 Notes,

plus, in the case of both clauses (1) and (2) above, accrued and unpaid interest on the principal amount of the Notes of such tranche being redeemed to such redemption date.

Notwithstanding the foregoing, installments of interest on the Notes of any tranche that are due and payable on an interest payment date falling on or prior to a redemption date for the Notes of such tranche will be payable to the registered holders of such Notes (or one or more predecessor Notes of such tranche) of record at the close of business on the relevant regular record date, all as provided in the indenture.

“Treasury Rate” means, with respect to any redemption date for the Notes of any tranche, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Treasury Rate will be calculated on the third business day preceding the applicable redemption date. As used in the preceding sentence and in the definition of “Reference Treasury Dealer Quotation” below, the term “business day” means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banks are authorized or required by law, regulation or executive order to close in The City of New York.

“Comparable Treasury Issue” means, with respect to any redemption date for the Notes of any tranche, the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the Notes of such tranche that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

“Comparable Treasury Price” means, with respect to any redemption date for the Notes of any tranche, (i) if the Independent Investment Banker obtains five Reference Treasury Dealer Quotations for that redemption date, the average of those Reference Treasury Dealer Quotations after excluding the highest and lowest of those Reference Treasury Dealer Quotations, (ii) if the Independent Investment Banker obtains fewer than five but more than one such Reference Treasury Dealer Quotations, the average of all of those quotations, or (iii) if the Independent Investment Banker obtains only one such Reference Treasury Dealer Quotation, such quotation.

“Independent Investment Banker” means one of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, Goldman, Sachs & Co., HSBC Securities (USA) Inc. and Wells Fargo Securities, LLC and their respective successors appointed by the Company to act as the Independent Investment Banker from time to time, or if any such firm is unwilling or unable to serve in that capacity, an independent investment banking institution of national standing appointed by the Company.

“Reference Treasury Dealer” means, with respect to any redemption date for the Notes of any tranche, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, Goldman, Sachs & Co., HSBC Securities (USA) Inc. and Wells Fargo Securities, LLC and their respective successors; provided that, if any such firm ceases to be a primary U.S. Government securities dealer in the

United States (a “Primary Treasury Dealer”), the Company will substitute another Primary Treasury Dealer.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any redemption date for the Notes of any tranche, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the Notes of any tranche to be redeemed. If fewer than all of the Notes of any tranche and all Additional Notes (as defined in the Prospectus Supplement), if any, with the same stated maturity and other terms (other than original issue date, issue price and first payment of interest) as the Notes of such tranche are to be redeemed at any time, selection of such Notes and Additional Notes, if any, for redemption will be made by the trustee (as defined in the Prospectus Supplement) by such method as the trustee shall deem fair and appropriate.

Unless the Company defaults in payment of the redemption price, interest on each Note or portion thereof called for redemption will cease to accrue on the applicable redemption date.

No Additional Amounts or Tax Redemption:

The provisions described in the Prospectus Supplement under the captions “Description of the Notes — Payment of Additional Amounts” and “Description of the Notes — Redemption for Tax Purposes” will not apply to the Notes.

Form of Notes:

The Notes of each tranche will be issued in the form of one or more global Notes in book-entry form and will be delivered to investors through the facilities of The Depository Trust Company for the accounts of its participants, which may include Clearstream Banking, société anonyme, and Euroclear Bank S.A./N.V., against payment.

Currency:

The Notes will be denominated and payable in U.S. dollars.

Other:

The Notes will not be entitled to the benefit of any sinking fund and the Company will not be required to repurchase Notes at the option of the holders. The Notes are “fixed rate notes” as defined in the Prospectus Supplement.

Material United States Federal Income Tax Considerations:

For a discussion of the material United States federal income tax considerations related to the acquisition, ownership and disposition of the Notes, please see “Material United States Federal Income Tax Considerations” in the Prospectus Supplement, as supplemented by the discussion in the immediately following paragraphs captioned “Backup Withholding Rates” and “Foreign Account Tax Compliance Act”.

Backup Withholding Rates

The backup withholding rate is currently 28% for payments on the Notes (including gross proceeds from a sale of the Notes) that are subject to backup withholding. The backup withholding rate did not increase to 31% for payments made after December 31, 2010.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (commonly referred to as “FATCA”), currently apply to payments of
